SC – SERVICE CHARGES

“Illegal Service Tap Charge” shall be the charge applied to the Customer’s account for unauthorized connection to the Authority’s Facilities and fire hydrants for delivery of water.

“Initial Backflow Test” shall be the charge applied to the Customer’s account for the initial testing of a backflow assembly installed by the Customer at the service property which test is conducted by Authority personnel. This charge is in addition to the applicable Service Call charge. Should the backflow device fail the Test, Authority personnel will lock-out the water meter at the service property until such time when device is repaired and re-tested by a private backflow tester and Authority personnel deems backflow device to be properly operational.

SPECIAL CONDITIONS

1. The applicable service charge(s) provided for in this Rate Schedule are in addition to the charges calculated in accordance with the Rate Schedule(s) for the Customer’s Service Classification and will be made each time a Service Call is generated for the Customer’s Premise.
2. The non-Business Hours rate is to be applied whenever the Customer requests a Service Call outside Authority Business Hours or within four (4) hours of his request.
3. The Authority shall take only those emergency actions and make only those minor repairs involving non-Authority facilities which would prevent serious hardship or property damage.
4. Authority may apply the service charge for problems with non-Authority facilities whether or not actions and/or repairs involving such facilities are actually completed by the Authority.
5. At Customer election, the Authority may contract for the annual testing of Customer backflow assembly(ies) on Customer’s Service Property and bill the Customer for the costs of such work.
