

Water Rates Schedule

The Truckee Meadows Water Authority (TMWA) Board of Directors approved the following Rates, Charges, and Fees effective with your February bill.

The adjustments are necessary for TMWA to remain financially stable while continuing its commitment to maintain and improve the water system for the benefit of customers.

New Rates and Your Bill

You will notice that your bill looks different this month. This is because the customer charges for most customer classes have changed. Water commodity charges for non-potable and wholesale water customers have also changed.

The front page of your water bill summarizes your account information including charges and payments. Detailed information on the type of water service you have as well as the specific dates of service for the bill are found on page 2. Also on page 2 of your bill, you will see specific date ranges for charges billed under the old rates—noted as “OLD”—and charges under the new rates—noted as “NEW.” Future bills will calculate charges according to the new rates only.

If you need more information on Rates, Charges, and Fees, or any other subject, such as how to read your bill or understand your water usage, please visit our website at www.tmwa.com, send us an email at info@tmwa.com or call 834-8080, option 2, to speak to a customer service representative.

Truckee Meadows Water Authority is a not-for-profit, community-owned water utility, overseen by elected officials and citizen appointees from Reno, Sparks and Washoe County. TMWA has a highly-skilled workforce who ensure the around-the-clock delivery and availability of high-quality drinking water for more than 330,000 residents of the Truckee Meadows.
