

Addendum No. 1

2014-2015 Fleish Flume

PWP Bid No. WA-2015-065

February 11, 2015

The following information, clarifications, changes and modifications are by reference incorporated into the bid documents for the above referenced project. Any work item or contract provision not changed or modified will remain in full force and effect.

Summary of Addendum Items:

- 1. Mandatory Site Visit:** Immediately following the mandatory pre-bid meeting at 2:00 PM on Tuesday February 17, TMWA will be conducting a mandatory site visit. Due to steep and narrow dirt access roads, and the remote nature of the project, TMWA has decided it will be in the best interest of all bidders to familiarize themselves with the Work by actually seeing the project site and the lumber yard in Verdi where the pre-purchased timbers and boards are stored.
- 2. Contractors Licensing:** Bidders must be licensed in both the states of California and Nevada, as the project work site is encompassed within both Nevada and California. All contractors doing work for TMWA on this project are required by statute to hold contractors licenses in both the states of California and Nevada. Contractor licenses must be active, current, and in good standing at the time of bid. Licenses shall be of the proper classifications and sub-classifications required to perform the Work.
- 3. Business Licensing:** Bidders must hold business licenses in both the states of California and Nevada, as the project work site is encompassed within both Nevada and California. Bidders must also possess jurisdictional business licenses in Sierra County, CA, and Washoe County, NV. Business licenses must be active, current, and in good standing at the time of bid.
