## **Addendum No. 2**

### **Matterhorn Regulation Station Bypass**

TMWA Project No. 2015-017  
July 17, 2015

The following information, clarifications, changes and modifications are by reference incorporated into the bid documents for the above referenced project. Any work item or contract provision not changed or modified will remain in full force and effect. The bid date and time and construction schedule remain the same.

#### QUESTIONS AND RESPONSES

**Question No. 1:** Is the DUNS # a new requirement?

**Response to Question No. 1:** Yes. Recent Nevada Legislation, Senate Bill No. 340, requires an awarding agency verify whether a contractor has been debarred by the Federal Government. The DUNS# is meant for the awarding agency to access this information.

**Question No. 2:** Are all listed subcontractors required to have a DUNS #?

**Response to Question No. 2:** No, not for this project.

**Question No. 3:** Also, in the Instruction to Bidders, Section M Subcontracting, Page 9, regarding the 1% subcontractor list it states we need to list the subs license classification and anticipated amount of the subcontract. I do not see a space for this on the subcontract list provided, where should we list this information?

**Response to Question No. 3:** Please refer to the revised 5% and 1% Subcontractors' List attached hereto, which modifies the two pages of the Bid Submittal forms to address this question. Thank you for replacing these two pages.

**Question No. 4:** And lastly, each box for the subcontractors description of work is filled in with "Description of work being self performed by Contractor or statement that Contract will perform all work other than that being performed by listed subcontractor(s)"

**Response to Question No. 4:** Please refer to the revised 5% and 1% Subcontractors' List attached hereto, which modifies the two pages of the Bid Submittal forms to address this question. Thank you for replacing these two pages.
