Since Truckee Meadows Water Authority (TMWA) was formed in 2001, the Board of Directors has reviewed the conversion of flat-rate to metered billing on multiple occasions. The Board is currently planning to complete the meter conversion, thereby switching all flat-rate residential customers to metered billing. Presently, fewer than 15% of TMWA customers pay at the flat-rate, with all other customers paying the metered rate. Customers and the public are invited and encouraged to attend the public meetings to learn more about the plan, provide comment and get answers to their questions. For more information, please log on to www.tmh2o.com, or call 834-8080, option 2.

Truckee Meadows Water Authority is a not-for-profit, community-owned water utility, overseen by elected officials and citizen appointees from Reno, Sparks and Washoe County.
