Truckee Meadows Water Authority ("TMWA") will hold public open houses on Monday, November 16, Tuesday, November 17 and Wednesday, November 18, 2015 from 5:30 to 7:00 p.m. at the locations indicated above. The purpose of this open house is to receive input and comments from the public on TMWA's 2016-2035 Water Resource Plan prior to final submission to the TMWA Board of Directors for approval.

The TMWA 2016-2035 Water Resource Plan updates and/or revises TMWA's 2010-2030 Water Resource Plan, and outlines the present state of water resources available to TMWA to meet customer water demands, current planning environments, and efforts to address and adapt to evolving water supply and demand conditions. Included in the update of the Water Resource Plan are population forecasts and water demand forecasts. The plan reflects changed conditions in planning due to the consolidation of Washoe County Department of Water Resources and South Truckee Meadows General Improvement District into TMWA and incorporates the soon-to-be implemented Truckee River Operating Agreement (TROA). TMWA is asking for your participation and input, which may be incorporated into the final plan. Customers are encouraged to attend this meeting and provide comments.
