

SMART ABOUT WATER TIP

How to Water Deeper and Less Often

Water your lawn until it begins to saturate, then stop. Let it soak in (1-2 hours). Repeat until water soaks into a depth of 6-8 inches. Test this by pushing a screwdriver into the soil until it no longer goes in easily.

KNOW YOUR WATERING DAYS!

Whether it's mild in May or snowing in September, Truckee Meadows Water Authority always encourages smart water use.

What are your watering days? Your address is the key! Flip to the schedule on the other side to find out.

A Checklist for Smart Water Use:

- ✓ Please only water on your three assigned days.
- ✓ Please do not water on Mondays. It's a day of rest for our water system.
- ✓ To reduce evaporation, please do not water between noon and 6 p.m.
- ✓ Take care not to water when it's windy or raining.
- ✓ To protect flowers, shrubs, trees and gardens, hand water anytime.

Truckee Meadows Water Authority is a not-for-profit, community-owned water utility, overseen by elected officials and citizen appointees from Reno, Sparks and Washoe County.

ASSIGNED-DAY WATERING — IT'S A SMART WAY TO WATER

Tear Out this Schedule

Tape it to your refrigerator, sprinkler controller box or anywhere else to help you remember your watering days. Read more details and tips on the back of this card.

Have Other Questions?
