Truckee Meadows Water Authority ("TMWA") will hold a First Reading on Thursday, December 13, 2018 at the location listed above. The purpose of this gathering is to receive input and comments from the public on TMWA's proposal to amend Rule 7 to change the name of the Meter Retrofit Fee to Water Resource Sustainability Fee, broaden the category of projects that may be paid for with funds collected under the fee going forward, and to reduce the fee from \$1,830 to \$1,600 per acre foot. The reason for the proposed change is to allow TMWA to use funds collected under the fee going forward for projects that improve this community's water resource sustainability and drought resiliency.
