It was decided to discuss the bills and have no action.

Steve Walker, TMWA Lobbyist, provided an overview of the new bills introduced as of April 4. Mr. Walker explained staff recommended position on SB 358 to oppose unless amended. SB 358 proposes, on voter approval, that 50% of electricity will be renewable energy by 2030, but TMWA's hydroelectric power plants were unintentionally omitted. Michael Pagni, TMWA General Counsel, added staff is working on the amendment language to be submitted prior to the first hearing in the Assembly.

Mr. Pagni provided an update on SB 280 (revises definition of navigable streams, to include rivers), recommends changing TMWA's position from oppose to watch.

Mr. Walker informed the subcommittee SB 250 amendment was heard on April 4 in the Natural Resources committee, which was approved. Mr. Pagni added TMWA's amendment was agreeable to Senator Settlemeyer, and any future amendments would added to TMWA's amendment.

Chair Dahir requested an update on the status of SB 358 as soon as one was made available.

No motion taken.

6. PRESENTATION OF STATUS REPORT ON LEGISLATION OF INTEREST TO TMWA AND POSSIBLE DIRECTION REGARDING TMWA'S POSITION ON LEGISLATION

Steve Walker, TMWA Lobbyist, provided an overview of certain key bills on which TMWA has taken a position, including all water-related bills. Mr. Walker explained staff recommended position on SB 358 to oppose unless amended. SB 358 proposes, on voter approval, that 50% of electricity will be renewable energy by 2030, but TMWA's hydroelectric power plants were unintentionally omitted. Mr. Walker added that he and McDonald Carano are working with the bill sponsor and that the bill sponsor has assured him that the omission of TMWA's hydroelectric power plants was a mistake that will be corrected. Mr. Walker said the bill sponsor advised him that the bill will be amended on the floor of the assembly to fix the issue with TMWA's hydroelectric power plants.

Regarding SB 250, Mr. Walker informed the subcommittee that the bill sponsor, State Engineer's office, and TMWA agreed on the language of a proposed amendment and that the amendment was heard by the senate committee and passed.

Upon motion duly made and seconded, and carried unanimously, the TMWA Subcommittee approved staff's recommendation to oppose SB 358 unless amended.

5. PRESENTATION OF STATUS REPORT ON LEGISLATION OF INTEREST TO TMWA AND POSSIBLE DIRECTION REGARDING TMWA'S POSITION ON LEGISLATION

Leo Drozdoff, TMWA Lobbyist, and Michael Pagni, TMWA General Counsel, updated the Subcommittee on new bills that have been introduced since the last legislative subcommittee meeting. Mr. Pagni stated TMWA has already implemented changes proposed in AB124 (prohibiting employers from discrimination on basis of sex and seeking wage history of a prospective employee, and requiring to disclose wage scale/salary range) and as such are Monitoring it for now, but can Support it if the Subcommittee decides to do so. Mr. Drozdoff stated that staff is still reviewing AB146 and are scheduled to meet with Assemblywoman Sarah Peters to clarify the bill's intent as there may be potential impacts on water quality standards.

Also, staff recommends changing position on SB67 Monitor to Support since language may be added to increase the threshold from \$100k to \$250k to allow for local governments to complete smaller public works projects itself, which TMWA supports doing.

John Zimmerman, TMWA Water Resources Manager, updated the Subcommittee on SJR1 which is proposing to amend the Nevada Constitution to provide that the Nevada Court of Appeals has jurisdiction over cases related to water. Since it has to go through a constitutional amendment, it may be withdrawn. In the meantime, Chief Justice Hardesty has worked with the State Engineer's office, proposing a water commission to study the water adjudications process, and there is a public meeting next week with TMWA, Southern Nevada Water Authority (SNWA) and other water stakeholders.

In addition, there are two water bill draft requests (BDRs) from the State Engineer's office, regarding water conservation and water banking: water conservation to allow farmers and irrigators to use less water and be able to conserve it and not have it forfeited.

Upon motion duly made by Member Hill and seconded by Member Duerr, and carried unanimously, the TMWA Subcommittee approved staff recommendation to change its position on SB67 from Monitor to Support if proposed language amends the current bill.

Upon motion duly made by Member Duerr and seconded by Member Hill, and carried unanimously, the TMWA Subcommittee accepted the report and staff recommendations on new bills.
