Community Forestry Coalition Backyard Tree Care Workshop

Join us for our inaugural **Backyard Tree Care Workshop** on **Saturday, August 29** at **West Street Market** in downtown Reno. Attend workshops on new tree selection, watering and fertilizing in our region and bring your questions to *Ask an Arborist*. Receive coupons from local nurseries and landscapers.

9 a.m. to 1 p.m. Backyard Tree Care Workshop

Before the workshop, enjoy a historic tree walk with Rod Haulenbeek from the Reno Urban Forestry Commission.

8 to 8:45 a.m. Meet at West Street Market

The Community Forestry Coalition brings together residents, local agencies and organizations to aid the community in preserving our region's private trees. Proper tree care in our high desert environment is not always obvious, but we can help you discover how easy it is to care for new and existing trees, including watering, mulching and pruning.
