

One Truckee River

TMWA

KEEP TRUCKEE MEADOWS
BEAUTIFUL

It all started with an anonymous \$50,000 donation to cleanup the Truckee River.

What prompted the One Truckee River Initiative?

Truckee River Corridor Management Plan

Project Sponsor: Keep Truckee Meadows Beautiful (in partnership with Nevada Land Trust)

Amount Requested: \$90,000

Amount Recommended: \$90,000

Organization Match: \$22,000 (Cash) \$1,500 (In-Kind)

Funding Date: February 2015

TMWA Benefit:

This program provides water quality benefits to TMWA through the removal of potential contaminants upstream of TMWA treatment plant intakes.

TMWA's Truckee River Fund

- How do we keep **human excrement/waste** out of our drinking water?
- How do we clean up the **personal property** and **debris** along the Truckee River?

Day Labor workers near Glendale Water Treatment Plant

Debris along the River

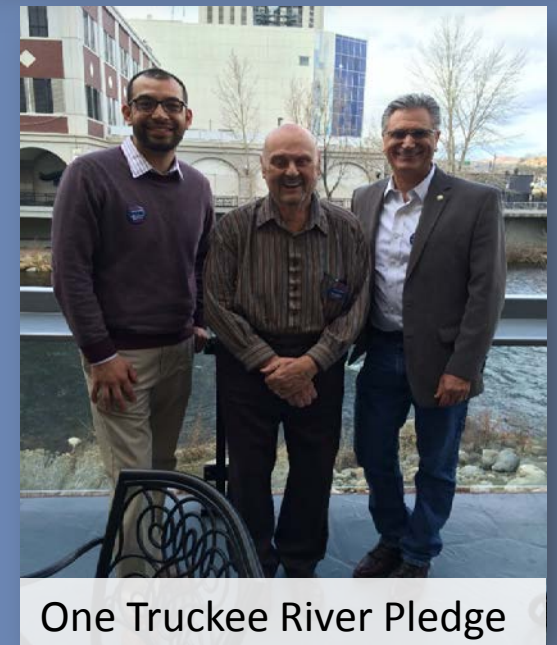

Key Areas of Focus for TMWA

Objective: Provide resources and alternatives for people living on the River.

- Provide a **public restroom** near the Glendale Water Treatment Plant, as well as other locations.
- Expand the continuum of **housing options**, including a permanent overflow shelter, transitional housing, and access to permanent, supportive housing.
- Provide immediate same-day access to **mental health and addiction service** and assistance in accessing long-term treatments with a community provider.
- Continue to coordinate with WC Regional **Animal Services** to care for pets of the homeless and connect with case workers.
- Implement multi-jurisdictional **case management** to assist individuals with access to housing and other resources.

What types of programs are working in other communities?

One Truckee River Draft Plan Open House June 7th from 4-7 p.m.
