

STAFF REPORT

TO: Standing Advisory Committee
FROM: John Erwin
DATE: 21 March 2012
SUBJECT: TMWA Rate Adjustment History

In response to SAC question regarding effects of rate adjustments, the following tables compare changes in cost of service, actual revenues for the year the cost study was estimated, and projected revenues after rates adjusted to actual revenues by customer class. The changes in rates by class are also included.

FIRE PROTECTION SERVICE

Schedule No. FPS - Rate Codes: W94, W95, WCF

Applicability

Service hereunder is available for fire protection purposes to any customer through customer-owned service pipe and hydrants.

Service Charge

The monthly charge is \$.99 per inch of the nominal diameter of the service pipe.

HIGHLAND DITCH IRRIGATION SERVICE

Schedule No. HDIS - Rate Code: W93

Service Charge

The charge for service shall be payable in advance and shall be at the rate of \$11.896 per season of five months for each acre feet for which application is made.

SERVICE CHARGES

Schedule No. SC

Rates	Regular Hours	Outside Regular Hours*
	Turn-On or Meter Set	\$15.00
Change of Account	\$15.00	Service not available
Problem with non-Utility Facility	\$15.00	\$22.50

*Before 8 a.m. or after 5 p.m., weekends and holidays or within 4 hours of request.

NOTE: The applicable service charge will be made each time an account is opened, including a turn-on, meter set, or reconnection of service or a change of account, and in instances where customer requested service calls are not related to problems with utility-owned facilities.

When the turn-on, meter set, or change of account involves a combination of gas, water and electric services which is accomplished at the same time for all services, Sierra Pacific

shall apply a single service establishment charge for all services.

RETURNED CHECK CHARGE

Schedule No. RCC

Rates

\$5.00 charged per returned check.

The charge shall be applied to the customer's account at the time the check is received from the bank. Only one returned check charge at the highest tariffed rate will be applied to the customer's account for each returned check regardless of the number of utility services being received by the customer.

ADDITIONAL CHARGES

Late Charge

1% of any amount in arrears from previous billings.

Tax Adjustment Charge

2% of total bill within incorporated areas.

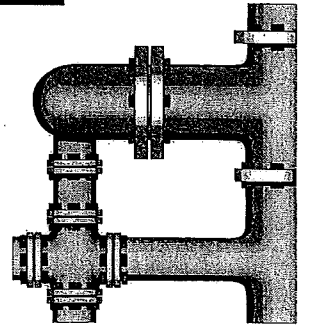

Regional Water Management Fee

(In Compliance with Washoe County Ordinance No. 935)
1.5% of total bill excluding Late Charge, Tax Adjustment Charge and other charges as specified on P.U.C.N. Sheet No. 23.

Nevada

April 1998

Sierra Pacific Water Rate Schedule

The Public Utilities Commission of Nevada authorized Sierra Pacific Power Company to increase its water rates by \$4,325,000 effective April 29, 1998. The increase is the result of the company's request (Docket Nos. 97-9019 and 97-2020) to meet increased costs for water quality improvements.

The monthly bill for a typical, single-family residential customer with a flat-rate 3/4" service increased 14.1% from \$49.13 to \$49.19.

sppco/BI 70m 5/98

RESIDENTIAL FLAT RATE WATER SERVICE

Schedule No. RFWS - Rate Codes: W81, W88, W89

Applicability

June 2009

Water Rate Schedule

The Truckee Meadows Water Authority (TMWA) Board of Directors approved the following Rates, Charges, and Fees effective with your June bill.

The adjustments are necessary for TMWA to remain financially stable while continuing its commitment to maintain and improve the water system for the benefit of customers.

New Rates and Your Bill

You will notice that your bill looks different this month. This is because some of the water you used is charged under the old rate and some under the new rate.

The usage that was billed under the old rate is noted as "OLD," designated as ❶ in the bill samples below. The usage billed under the new rate is noted as "NEW," designated as ❷ in the bill samples below. For flat rate customers, this is shown on the front of the bill. For metered customers, this applies to both the "Customer Charge" and the "Water Usage Charge," which is shown on page 2 of your bill. Future bills will calculate charges according to the new rate only.

Water Rates Schedule

The Truckee Meadows Water Authority (TMWA) Board of Directors approved the following Rates, Charges, and Fees effective with your February bill.

The adjustments are necessary for TMWA to remain financially stable while continuing its commitment to maintain and improve the water system for the benefit of customers.

New Rates and Your Bill

You will notice that your bill looks different this month. This is because the customer charges for most customer classes have changed. Water commodity charges for non-potable and wholesale water customers have also changed.

The front page of your water bill summarizes your account information including charges and payments. Detailed information on the type of water service you have as well as the specific dates of service for the bill are found on page 2. Also on page 2 of your bill, you will see specific date ranges for charges billed under the old rates—noted as “OLD”—and charges under the new rates—noted as “NEW.” Future bills will calculate charges according to the new rates only.

If you need more information on Rates, Charges, and Fees, or any other subject such as how to read your bill or understand your water usage, please visit our website at www.tmwa.com, send us an email at info@tmwa.com or call 834-8080, option 2, to speak to a customer service representative.

Truckee Meadows Water Authority is a not-for-profit, community-owned water utility, overseen by elected officials and citizen appointees from Reno, Sparks and Washoe County. TMWA has a highly-skilled workforce who ensure the around-the-clock delivery and availability of high-quality drinking water for more than 330,000 residents of the Truckee Meadows.
